Job Description

Job Title:	Application Development (intern)	**Grade:**	?
Department:	CTO	**Location:**	Georgia
Reports to:	Director of Architecture	**FLSA Status:**	?

Summary:

We are looking for a qualified Application Developer to design and code functional programs and applications. You will work as part of a team and individually with little supervision. The Application Developer has excellent knowledge of at least one programming language. They must be familiar with a variety of operating systems and platforms. The ideal candidate will also have an analytical mindset and a keen eye for detail. The goal is to write "clean" and flawless code to produce fully functional software applications according to requirements.

Job Functions:

- Understanding Extenet users requirements and how they translate to new application features
- Collaborating with development team, sales and engineering to set specifications for new applications
- Writing high-quality code to program complete applications on schedule
- Perform unit and integration testing before launch
- Conduct functional and non-functional testing
- Troubleshoot and debug applications
- Evaluate existing applications to reprogram, update and add new features
- Develop technical documents and handbooks to accurately represent application design and code

Supervisory Requirements:

Position will be overseen by the Lead of Tools and Application as well as Director of Network Architecture.

Education and Experience:

- Understanding of software design and programming principles.
- Experience in designing and building applications in PowerApp a plus.
- Classes pertaining to Computer Science
- Familiar with a variety of operating systems and platforms. The ideal candidate will also have an analytical mindset and a keen eye for detail.
- A team player with excellent communication skills
- Analytical thinking and problem-solving capability
- Great attention to detail and time-management skills

Working Conditions and Physical Demands:
Travel is not a requirement but can be arranged if there is interest.
